

MBA Programme

Dear Applicant,

Each year INSEAD selects a limited number of talented young professionals who have demonstrated high potential to succeed in an international business career.

Selection is based on a combination of an individual's academic performance, leadership potential, personal characteristics and international motivation, as well as willingness to learn and contribute to the exchange of ideas at INSEAD. The purpose of the admissions procedure is to identify evidence of these qualities and to select classes with an overall balance of academic competence, diversity of background, work experience, personal characteristics and a strong commitment to international business.

For further information about the INSEAD MBA Programme and the admissions process, please consult our website <https://www.insead.edu/master-programmes/mba>

Thank you for considering the INSEAD MBA Programme. We look forward to receiving your application.

The MBA Admissions Team

Campus Choice

INSEAD will endeavour to accommodate your choice of campus but cannot guarantee your first choice in every instance. Campus choice is not considered in admission decisions and your preference will not be included in your application when presented to the Admissions Committee.

You will be registered on your starting campus unless and until you are successful in obtaining a Campus Exchange, as validated by the MBA Programme Management Office through a bidding process during your programme. You must attend classes offered at the campus where you are registered. Campus Exchange rules are subject to change depending on demand.

When choosing your campus preference below, we would like to suggest that you consider:

- Your personal situation, which could influence this choice,
- Where you plan to work after your MBA and on which campus you will want to be for networking and recruiting.

If you choose the value **"Either Campus"** it means that you have no preference as to which of the INSEAD campuses, you are registered for. If you do have a preferred starting campus, please ensure you state your choice.

Please select one option below to indicate your starting campus preference.

All applicants are required to take the GMAT or GRE test and have the scores directly reported to INSEAD (**code DL3-S8-89 for the GMAT; ETS code 0970 for the GRE**). For the GMAT, please report the percentiles for both the Quantitative and Verbal sections, as well as the IR and Total Scores. For the GRE, please report the raw scores and percentiles for both the Quantitative and Verbal sections.

In cases where applicants have taken a test more than once, or have taken both the GMAT and the GRE test, they must report all valid scores as part of the application.

Please attach copies of all GMAT/GRE and English test score reports in the Supporting Documents section.

If you have a university degree (a minimum of one full-time academic year with a diploma received from that host university) where **all** courses were **taught exclusively** in English (an exchange programme does not qualify), please send written proof that the language of instruction was English.

For TOEFL, please arrange to have ETS send your test scores directly to INSEAD, code 0970. For PTE Academic, the relevant code for INSEAD is: 22W-R2-00.

Academic Degrees

Your transcripts should indicate both diploma and grades awarded from each college or university that you have attended. We accept transcripts in English or French. All others must be accompanied by a certified English translation.

If your academic institution is not available in the drop down list, please select "other university". Please rest assured we will enrich our Database with your universities in our next update.

For us to start processing your application, the transcripts may be either uploaded in the section "Supporting Document" available in the menu on the left (scanned copies) or sent to INSEAD via post by the applicant or by the academic institution directly.

Should you be admitted to the MBA Programme, you will be asked to send your original transcripts and degree to the Admissions Office by post. We can also accept official soft copies if sent to the Admissions Office by email directly from your university.

Letters of recommendation

First name	Last Name	Email	Phone (code and number)

[Click here to send the recommendation request to your referees.](#)

Please ask your referees to complete the recommendation form promptly using the link provided. They can submit their recommendations at any time, even before you submit your application. Referees can save their progress and return to the form later, but once they have submitted their reference, it cannot be edited. You can track their submissions on your dashboard and send reminders to those who have not yet sent their recommendations.

Important information: Both recommendations need to be submitted before your application can be reviewed.

Give a candid description of yourself (who are you as a person), stressing the personal characteristics you feel to be your strengths and weaknesses and the main factors which have influenced your personal development, giving examples when necessary (maximum 500 words). *

Describe the achievement of which you are most proud and explain why. In addition, describe a situation where you failed. How did these experiences impact your relationships with others? Comment on what you learned (maximum 400 words). *

Describe all types of extra-professional activities in which you have been or are still involved for a significant amount of time (clubs, sports, music, arts, etc). How are you enriched by these activities? (maximum 300 words) *

Is there anything else that was not covered in your application that you would like to share with the Admissions Committee? (maximum 300 words)

The supporting documents marked with an asterisk * must be received before or on the day of the application deadline.

The size of each of your attachments should not exceed 1 MB. If you have more documents to send, please divide your pages and upload two lighter documents instead of a single big one.
